City Administrators report August 12, 2021

7/30/2021 3:18 PM I received an email from James Muela in response to my email. Mr. Muela said After Creekside proposed engineering alternatives that could be mutually agreeable, we presented the options to Johnny Tabor. Johnny asked if Creekside was willing to make certain adjustments to the proposed engineering alternatives, and we relayed his request to counsel for Creekside. We did not receive a response, so I followed up with Creekside's attorney, Kent Wymore. Kent apologized for the delay and let me know that his father had passed away suddenly earlier this month. Kent said he would have a response for us soon.

He will keep me updated as soon as we hear Creekside's response to Johnny Tabor's request.

8/5/2021 5:22 AM I emailed Mr. Muela to ask if there are any updates. In his response email he stated they have not received any word from Kent Wymore. He's been our main point of contact, but I will reach out to another attorney for Creekside, Scott Field, to move the case forward. I will keep you updated as soon as I am able to get in touch with Scott.

I will be posting the agenda for the Sewer meeting on August 18 at 5:30 PM. Mr. Tabor has agreed to attend. During this meeting, we will be giving an update on the letter of conditions for the sewer.

The utility agreement has been with the attorneys. I emailed Stephanie Swuab and Mr. Pirkle on 8/4/2021 and have not heard back as of 8-5-2021

The expected time frame for the handicap parking should start early September.

The bulletproof glass remains an issue. Glass Doctor of Hewitt is again not returning calls. I called on 8/2/2021 and left messages. Mike Phelps came into the office at the begging of July and said he would have the glass in four weeks. He said the manufacturer cut the glass wrong.

The ordinances have been emailed to Franklin and should be updated in our system very soon.

8/4/2021 8:32 PM Mr. Thomas emailed me requesting to have a meeting with Kayla Landeros and him. He stated he would need about two hours to talk about updates in the ordinances that are necessary. Mr. Thomas confused our council dates with the City of Temple and asked to be on the August 19th agenda. I explained our meetings are on the 2nd and 4th Thursday. He asked if I would get a date from the council and let him know.

With the time he is requesting, it may be better to call a special meeting for his presentation.

The maintenance and water guys have been working hard on getting areas cleaned up and getting potholes cleaned out. We are tracking street patching in our software system. I am working with Incode to have street repairs added to the report Gene provides monthly.

8/4/2021 a person not living in the city limits or on our water supply came into the office asking to speak with me while I was in a meeting. Very shortly after I began receiving phone calls from a well-known gun activist and was threatened that he can either help me or hurt me. This person called me numerous more times. They have an issue with the signage on the court window about prohibiting guns in the court. The judge amended his order for permitted license to carry to avoid any further conflict.

***Council Workshop 5:00 pm Council Meeting 6:30 pm
July 22, 2021 Minutes***

Workshop Call to Order at 5:01 pm by Mayor Bass

Workshop agenda:

Council to discuss all items on the agenda.

City Administrators update the city council and discuss concerns.

Workshop adjourned at 6:00 pm by Mayor Bass

Council meeting call to order by Mayor Bass at 6:31 pm.

1. Call to Order/Roll Call

Council members present are Ricky Wiggins, Mayor Pro-Tem, James Tolbert, Cecil Griffin, Marc Fowler, Linda Owens.

City Staff present were City Administrator-Sonya Bishop, City Secretary-Pam Combs, Chief of Police-Michael Dorsey, Water Dept-Gene Sprouse on the phone, and City Engineer-Johnny Tabor present for workshop only.

2. Police Report- Chief Dorsey

- a. Council to discuss, consider and possibly take action on approving budget amendment moving the following line items from code enforcement line items into the police department's budget line items as follows:
 - 10-21-6002 - \$27,040.00
 - 10-21-6004 - \$300.00
 - 10-21-6009 - \$1,100.00
 - 10-21-6107 - \$200.00
 - 10-21-6600 - \$2,500
 - 10-21-6602 - \$500.00

Total Decrease - \$31,640.00. Increase line item 10-20-6605 Police Vehicle Equipment by \$31,640.00

Motion made by Marc Fowler to approving budget amendment moving the following line items from code enforcement line items into the police department's budget line items as follows and also use the remainder from the Asset Forfeiture account 10-20-6915 to pay the difference.

Increase line item 10-20-6605 Police Vehicle Equipment by \$31,640.00

- 10-21-6002 - \$27,040.00
- 10-21-6004 - \$300.00
- 10-21-6009 - \$1,100.00
- 10-21-6107 - \$200.00
- 10-21-6600 - \$2,500
- 10-21-6602 - \$500.00

Total Decrease - \$31,640.00. from Code Enforcement Accounts.

2nd by Cecil Griffin Yay 5 Nay 0, Motion passes

(b) Council to discuss, consider and possibly take action on approving the purchase of 5 new in car radar units and new camera systems from Stalker radar. Quote 205009 in the amount of \$39,255.00 to be paid from line item 10-20-6605 and the remaining balance of \$7,615.00 to be paid from asset forfeiture.

Motion made by James Tolbert to approving the purchase of 5 new in car radar units and new camera systems from Stalker radar. Quote 205009 in the amount of \$39,255.00 to be paid from line item 10-20-6605 and the remaining balance of \$7,615.00 to be paid from asset forfeiture.

2nd by Linda Owens, Yay 5 Nay 0, Motion passes

Chief Dorsey also said he was going to be out of the office from July 26th thru July 30th, to attend the Texas Police Chiefs Leadership Series, in San Antonio. Officer Martinez will be working dayshift (8am-5pm) during his absence.

Chief Dorsey reported back in March Officer Roman did a traffic stop and recovered a large amount of money (\$39,955.30) we filed all our reports and paper work and we were just notified that the police department will be receiving \$27,710.51 which will be deposited in the asset forfeiture account.

Code Enforcement Report: 25 open cases and 12 citations.

3. Citizen Presentations-

The City Council welcomes public comments at this point on items not specifically listed on the agenda. Speakers must sign up before the meeting begins. Speakers are limited to five (5) minutes each. The Council cannot respond to matters not listed on the agenda until a future meeting.

Frank Warren, 414 CR 437, Eddy, Texas 76524: I do not live in the city limits, but I am here tonight for another matter. Most of y'all know the history of me here and you also know about a year and a half ago we were just starting on this facility. During that time, I was accused of a criminal act and that was pretty serious stuff and we proved that wrong. Now it has raised its head up again and I have been indirectly accused of that same crime by a council member. I don't appreciate that and I don't think we should go down this road again. I stopped that road before and I am afraid I won't stop it again. I don't want to hear any of it in public and when I hear it, I get upset. If y'all want to go behind closed doors in a meeting that is up to y'all, but I do not want to hear it out in public. Mayor Bass asked, Mr. Warren if he wanted to name the council member. Mr. Warren said, no. Mr. Warren wanted to bring it to the mayor and city councils' attention regarding a council member.

Rose Velasquez, 1438 Franklin Rd, Eddy, Texas 76524: Spoke to the city council regarding some concerns she had with one of the council members and the Bruceville-Eddy Police Department.

4. Council to discuss, consider and possibly take action on request made by Vivian Williams to be reimbursed for materials of the new city hall.

Motion made by Ricky Wiggins to Table item #4 so the council would have time to look over some new documents Ms. Williams just presented to the city council that night.

2nd by James Tolbert, Yay 5 Nay 0, Motion passes.

5. Council to discuss, consider and possibly take action on paying invoice 07132021 in the amount of \$8,500.00 to Moreno Solution.

Moreno Solutions presented a statement saying "By paying this amount the City of Bruceville-Eddy bill to Moreno Solutions will be paid in full, with no other charges due." Bill was for \$8500.00.

Motion made by Linda Owens to pay Inv# 07132021 in the amount of \$8500.00 to Moreno Solution. 2nd by Ricky Wiggins, Yay 5 Nay 0, Motion passes

6. **Water Report:**

- a) Council to discuss, consider and possibly take action on approving purchase of water meters in bulk verses buying as needed. The water department needs 2 boxes of meters currently and would like to keep 1 box on hand. The total expense is \$3,870.00 purchased from Core & Main.

Motion made by Linda Owens approving the purchase of 3 boxes of water meters and also maintain the inventory to always have 1 box available. 2nd by Ricky Wiggins, Yay 5 Nay 0, Motion passes.

7. **Consent Agenda**

- a) Council to discuss, consider and possibly approve minutes from June 22, 2021, special called Budget Meeting.

Motion made by Ricky Wiggins to approve minutes from June 22, 2021 special called Budget Meeting. 2nd by Linda Owens, Yay 5 Nay 0, Motion passes.

- b) Council to discuss, consider and possibly approve minutes from July 8, 2021, regular called Meeting.

Motion made by Ricky Wiggins to approve minutes from July 8, 2021 regular called meeting. 2nd by Linda Owens, Yay 5 Nay 0, Motion passes.

Mayor and City Council Agenda Item Request:

8. Council to discuss, consider, and possibly take action on street repairs.
Motion made by Ricky Wiggins for the city workers to make a list of streets that need to be repaired and once a month check for pot holes and do the repairs. For every street repaired we need to keep documents showing the street name, date, and what repairs that were done. 2nd by Cecil Griffin, Yay 5 Nay 0, Motion passes.
9. Council to discuss, consider and possibly take action on Cost of Living and/or any recommended compensation adjustments for hourly and salaried City staff for the 2021-2022 budget year.
No action was taken. Marc Fowler asked the city council what percentage did they want the budget committee to plug in for the Cost of Living. The council requested the committee to plug in two different percentage (2.5 and 3), and the council will compare.
10. The council to discuss, consider and take any action it deems necessary on any recommendations to the council from the Bruceville-Eddy water committee. This includes but is not limited to:
(1) Tap fees in anticipation of future growth.
Mr. Tolbert told the city council water committee agreed to raise the tap fee from \$1500.00 to \$2750.00 starting October 1, 2021.
Motion made by Ricky Wiggins to raise the tap fee from \$1500.00 to \$2750.00 starting October 1, 2021, 2nd by Marc Fowler, Yay 5 Nay 0, Motion passes.

(2) The possibility of pursuing a new Falls County Well and any items related thereto.

Motion made by Ricky Wiggins for the water committee to work with Mr. Stephan, regarding acquiring the 2 acres for a new water well in Falls County. 2nd by James Tolbert, Yay 5 Nay 0, Motion passes.

(3) Investment committee update--- report

Mr. Tolbert said it would take about 45 days to get back to the city council with the investment committee update.

11. Financial Reports

- a) Council to discuss, consider and possibly take action on approving financial reports for June 2021.

Motion made by Marc Fowler approving the financial reports for June 2021 that they received the afternoon of June 22nd, because the one in the packet was incorrect. 2nd by Ricky Wiggins, Yay 5 Nay 0, Motion passed

- b) Council to discuss and possibly approve accounts payables for June 2021 for water and general fund.

Motion made by Marc Fowler to approve accounts payable for June 2021 for water and general fund. 2nd by Ricky Wiggins, Yay 5 Nay 0, Motion passes.

City Administrator Agenda Items:

- 12. Council to discuss, consider and possibly take action on opening sealed bids for the handicap parking lot at 144 Wilcox Drive (new city hall).**

We have one sealed bid and Linda Owens open the bid and read it to the council. There were two bids one was \$19,152.00 using asphalt. The other bid was \$21,459.00 using concrete.

Motion made by Ricky Wiggins to approve for option #2 for \$21,459.00 using concrete for the Handicap parking lot at 144 Wilcox Drive (new city Hall). 2nd by Marc Fowler, Yay 5 Nay 0, Motion passes.

- 13. Council to discuss, consider and possibly take action on trash services.**

No action taken. City council would like for Sonya Bishop to come up with a packet to get sealed bids on the trash services.

Mr. Morris Jones has his own trash service and he is requesting the city to give him a chance to bid on the city trash service.

Meeting adjourned at 8:35 pm, Motion made by Ricky Wiggins, 2nd by Linda Owens, Yay 5 Nay 0, Motion passes.

Re: Updated Proposal: Water well at Brass Valley on CR 451 at CR 456, Eddy, TX

Chee,

As we have been discussing, the Stephan Family Living Trust (SFLT) is agreeable to donating a 300-foot by 300-foot parcel in the Northwest corner of the SFLT Brass Valley property located on Falls County Road 451 near the intersection of CR-456 for a Bruceville-Eddy Water well and pump station (B-E Water). These dimensions INCLUDE portions of both Falls CR-451 and the 30-foot ingress and egress easement discussed below.

Along the property line that runs Northwest to Northeast, will be a 30-foot ingress and egress easement. This easement allows B-E Water access from both the CR-451 frontage and the easement, while at the same time allowing SFLT and Brass Valley access to our adjacent properties that share this same fence line. This easement is to remain unfenced. B-E Water agrees to maintain their portion of the ingress/egress easement.

We understand that the water plant will contain well head, pump house, storage tanks, filtration systems and other associated water pumping and treating equipment. B-E Water agrees that any storage tanks or other structures will be limited to the same 24-foot height as the current water plant on CR-457. B-E Water agrees there will be no sewage facilities of any type associated with this property. B-E Water agrees to the filing of restrictive covenants enforcing height restriction(s), fencing restriction(s), and sewage restrictions on the parcel.

A survey will be required of the B-E Water parcel, including the ingress and egress easement. This survey will be the responsibility of the City of Bruceville-Eddy and paid for by B-E Water. Copies of the survey will be furnished as both printed and AutoCAD (dwg) files submitted to the Stephan Family Living Trust at closing. The survey completed by Mitchell and Associates/Waco in February of 2021 for SFLT is available in both .pdf and .dwg format to B-E Water for planning purposes.

It is understood that Oncor Energy will install upgraded power to the water supply station, and that a power pole for electrical power will be on the Southwest property line shared by both B-E Water and SFLT, allowing SFLT access to upgraded electrical power for a future shop.

Bruceville-Eddy Water agrees to indemnify SFLT from any damages caused by the drilling of their well. This would include damages to the SFLT stock tank from contamination caused or contributed to by drilling the water well or for interruption of flow into the stock tank and shallow wells already on the site. Should either shallow well fail due to B-E Water drilling their well, or to meet TCEQ water quality restrictions, B-E Water agrees to furnish water at no cost to the SFLT.

A combination of a trade involving 3 water meter tap fees plus some form of monetary compensation is the starting point for negotiations. It is anticipated that both parties will negotiate compensation through either exchange of services and/or monetary compensation for the land.

Subject: Water Fund Financial Reports-June 2021
Attachments: Updated Water Fund Financial Reports-June.pdf

Council,

Please do not reply all to this email as it will be considered a quorum. In the Water Fund Financials Note#6 for 50-00-6715 Garbage Pick Up, Mr. Tolbert brought it more to my attention. I take full responsibility for not taking more time to research our new financial system to show me how to correct every gl account when a check is voided. I have now done the adjusting journal entries to correct the gl accounts affected which was the 50-00-6715 and 50-00-2000. I have attached the new reports for Water Fund only and as you can see the gl account for garbage is now at the correct invoice amount of \$10,305.89. My apologies.

Thank you,

Esther Moreno

Subject: Building Inspector/Permits/Fees

Pam,

See the email below from Stephanie Schwab concerning the building inspector/permits and how fees are calculated.

Thanks,
Ricky Wiggins
City Councilman/Mayor Pro-Tem

Subject: RE: questions

Sonya,

I do not believe the City has any obligation to actively enforce the building codes or have a City building inspector. If the City passes building codes, they need to be in compliance with Chapter 214 of the Local Government Code, which has adopted the International building codes. That chapter grants the City the power to pass ordinances adopting those codes and enforce those codes, but does not require that the City actually do so. Thus, the City can choose to not have a building inspector or even forgo requiring building permits or inspections at all. The building codes can still remain in place, it just becomes up to the owners/builders to make sure they are meeting them.

If the City still wants to have some oversight even without a City inspector, such as through issuance of permits and submission of inspections, I do not believe there is anything specific the City must collect or require be submitted. Certain types of inspections do require licensed inspectors (e.g. a plumbing inspection), and if the City intends to require owners or builders submit their own inspections you would probably want to include requirements that they be licensed. The City would still want clear guidelines of what must be submitted so that it can be enforced uniformly, but I think the City has the discretion to decide what it needs to see to approve the permit so long as it has some rational basis for doing so.

As an additional note, if the City will still require a permit fee, chapter 214 does place some limitations on how that fee is calculated:

Sec. 214.907. Prohibition on Certain Value-Based Building Permit and Inspection Fees.

- a. In determining the amount of a building permit or inspection fee required in connection with the construction or improvement of a residential dwelling, a municipality may not consider:
 1. the value of the dwelling; or
 2. the cost of constructing or improving the dwelling.
- b. A municipality may not require the disclosure of information related to the value of or cost of constructing or improving a residential dwelling as a condition of obtaining a building permit except as required by the Federal Emergency Management Agency for participation in the National Flood Insurance Program.

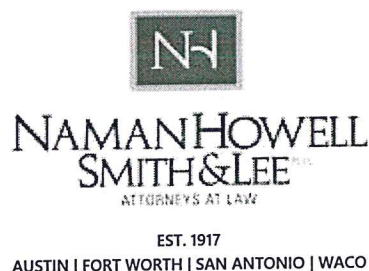

There are also timing requirements for the issuance of a permit. This sections also requires the City provide written notice why a permit was denied, so the City will still need to be able to articulate why a permit is denied even if it did not perform the inspection.

Sec. 214.904. Time for Issuance of Municipal Building Permit.

- a. This section applies only to a permit required by a municipality to erect or improve a building or other structure in the municipality or its extraterritorial jurisdiction.
- b. Not later than the 45th day after the date an application for a permit is submitted, the municipality must:
 1. grant or deny the permit;
 2. provide written notice to the applicant stating the reasons why the municipality has been unable to grant or deny the permit application; or
 3. reach a written agreement with the applicant providing for a deadline for granting or denying the permit.
- c. For a permit application for which notice is provided under Subsection (b)(2), the municipality must grant or deny the permit not later than the 30th day after the date the notice is received.
- d. If a municipality fails to grant or deny a permit application in the time required by Subsection (c) or by an agreement under Subsection (b)(3), the municipality:
 1. may not collect any permit fees associated with the application; and
 2. shall refund to the applicant any permit fees associated with the application that have been collected.

If the City will still require an inspection to be obtained and paid for by the owner/builder, what are the requirements for that inspection and how will the City verify that the requirements have been met?

Thanks,

Stephanie E. Schwab

Subject: questions

The city is wanting to make some changes to our building ordinance. The city would like to put an ordinance in place that will take all liability and expense from the city and make it where the homeowner or vendor would be responsible for getting all necessary inspections done at their cost and turn those into the city. The city will not have a building inspector; the entire expense will be the property owners.

Also, the city needs help identifying what the law requires the city to collect during the permitting process. We appreciate your assisting us with this time-sensitive and vital matter.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

July 6, 2021

CERTIFIED MAIL #7020 1810 0000 2805 6972
RETURN RECEIPT REQUESTED

The Honorable Connally Bass
Mayor of Bruceville-Eddy
143 Wilcox Drive, Suite A
Eddy, Texas 76524-3955

Re: Additional Compliance Documentation Needed for:
City of Bruceville-Eddy Public Water Supply, McLennan County, TX
Regulated Entity No.: RN101216356, Public Water Supply ID No.: 1550024

Dear Mayor Bass:

The Texas Commission on Environmental Quality (TCEQ) Waco Regional Office has received the compliance documentation that the City of Bruceville-Eddy submitted on April 27, 2021 for the alleged violation noted during the investigation of the above-referenced facility conducted on April 7, 2021. The compliance documentation contained in your response does not indicate the problem documented during the investigation has been corrected. Information is still needed for the alleged violation listed in the enclosed summary. Please submit to our office by September 3, 2021, a written description of corrective action taken and the required compliance documentation demonstrating that the alleged violation has been resolved.

The Texas Commission on Environmental Quality appreciates your assistance in this matter and your compliance efforts to protect the State's environment. We look forward to receiving your response for the remaining alleged violation. Please note that the Legislature has granted TCEQ enforcement powers which we may exercise to ensure compliance with environmental regulatory requirements.

If you or members of your staff have any questions, please feel free to contact Mr. Luedtke in the Waco Regional Office at (254) 751-0335.

Sincerely,

A handwritten signature in blue ink, appearing to read "RM", written over a horizontal line.

Richard Monreal
Water Section Manager
Waco Regional Office

Enclosure: Summary of Investigation Findings

The Honorable Mayor Bass
July 6, 2021
Page 2

Bcc: Mr. James Smith, McLennan County Precinct 1 Commissioner, P.O. Box 648, Waco, Texas
76703-0648

Summary of Investigation Findings

CITY OF BRUCEVILLE EDDY WATER SYSTEM

Investigation #

1738103

Investigation Date: 06/30/2021

, MCLENNAN COUNTY,

Additional ID(s): 1550024

OUTSTANDING ALLEGED VIOLATION(S) ASSOCIATED TO A NOTICE OF VIOLATION

Track No: 773737

Compliance Due Date: 09/03/2021

30 TAC Chapter 290.44(a)(4)

Alleged Violation:

Investigation: 1708356

Comment Date: 04/07/2021

Failure to install water transmission and distribution lines below the frost line and in no case less than 24 inches below the ground surface.

Water transmission and distribution lines must be installed in accordance with the manufacturer's instructions. However, the top of the waterline must be located below the frost line and in no case shall the top of the waterline be less than 24 inches below ground surface.

Specifically, during the investigation conducted on April 7, 2021, it was noted the waterline located northwest of the intersection of Robin Road and Box Ranch Road is 12 inches or less below the ground surface and has an area of approximately two feet which is exposed.

Investigation: 1738103

Comment Date: 06/30/2021

Failure to install water transmission and distribution lines below the frost line and in no case less than 24 inches below the ground surface.

On April 27, 2021, the TCEQ Waco Regional Office received correspondence from the City of Bruceville-Eddy PWS. The correspondence included correspondence sent to the complainant, and communication between the complainant and the City of Bruceville-Eddy PWS. The correspondence is not adequate to resolve the outstanding alleged violation.

Recommended Corrective Action: Submit to the TCEQ Waco Regional Office documentation that the entire waterline located west of Robin Road and northwest of Box Ranch Road is below the frost line and in no case less than 24 inches below the ground surface.

James Killough
1425 N. Old Bruceville Road
Bruceville, TX 76630

Certified 7018 1130 0000 9162 8522
Mr. Killough

I hope this letter finds you in good health and spirit. This letter is being written in response to your letter dated February 24, 2021. After receiving your letter, the city council discussed at the February 25, 2021 city council meeting the meter study for the Robin Road property. Jay and Suzee Stewart, your son-in-law and daughter, participated in the discussion and confirmed they would pay for the recommended meter study upgrades. Also, Mr. and Mrs. Stewart stated if the project exceeded the estimated \$20,000.00, they would pay the difference.

On February 23, 2021, the city engineer determined upgrades needed to install a meter at this location. Referring back to your letter to us, the upgrades completed in May 2019 did not include the Robin Road area. The city engineer estimated the upgrades costing \$20,000.00; however, on April 6, 2021, the sealed bids were opened, and the lowest bid was by Bruce Flanigan Construction for \$45,540.00 plus engineer fees, advertisement fees, meter installation cost with a total project cost of \$53,224.78 less the previous payment of \$3,800.00 leaving a balance of \$49,424.78. The price increase is due to limited workspace because of only having 10-foot easements. This bid is good for 30 days from April 6, 2021. Please let us know how you would like to proceed.

Your letter stated there is an exposed water line on your property. The city administrator instructed the water staff to correct this issue; however, a text message was sent from Jay Stewart to our water supervisor on April 5, 2021 that no one is permitted to be on the property, per James Killough.

The city was then notified on April 6, 2021 that TCEQ had been notified by the property owner reporting exposed distribution waterlines. The city is unable to repair the exposed waterlines without a water easement.

Please contact Sonya Bishop via email or phone at your convenience to discuss this matter.

Sincerely,

Sonya Bishop

CC TCEQ

NEW WATER SERVICE STUDY

THIS IS NOT APPROVAL FOR WATER SERVICE.
WATER SERVICE IS ONLY APPROVED BY THE WATER SYSTEM (NOT THE ENGINEER).

Applicant Information:

Water System:

City of Bruceville-Eddy

Applicant Name:	James Killough
Number of Meter(s) Requested:	1 (5/8" Meter)
Map Page/Location:	1 of 16
Existing Line Size at Point of Service	1-1/2"

Hydraulic Analysis:

Existing System Meter Count:	1951
Calculated Pressure Drop at existing meters when Applicant's service is added to the existing system with no improvements:	Less Than 1 PSI
Calculated Pressure during Peak Use at existing meters when Applicant's meter is added to the existing system with no improvements:	34 - 35 PSI

Recommended System Improvements (Does NOT Include New Tap and New Service Related Fees):

Estimated Construction Cost Including Engineering Fees - based on recent similar work performed by general contractors. Actual cost will fluctuate due to easements, road crossings, creek crossings, obstructions, final routing, etc.	\$20,000
---	----------

Brief Description of Minimum Recommended Improvements:

Any additional meter flow added in the area of the requested service will reduce the pressures of existing meters to near or below TCEQ Rules & Regulations. Our office does not recommend adding any new meters to this portion of the system until the recommended offsite improvements are made to restore marginal existing meter pressures. In order to serve the proposed meter a new offsite water line will need to tie to an existing water line with sufficient pressure and extend to a designated location; however, the water service is approved only by the Water System (not the Engineer).

Note: Based on the most recent master meter calibration data and the current meter connection count, the current demand is over 85% of the total requirement for the system water supply. TCEQ requires systems to have a plan in place when 85% of the system's capacity is reached. Three options for additional water supply are as follows: (A) Pursue Bluebonnet WSC for additional supply, (B) Rehabilitate existing water wells for additional supply, (C) Drill a new water well.

Disclaimer: This Study was performed with modeling software using TCEQ Rules and Regulations and is based on line locations and sizes provided by the Water System for June 2017 Water System Maps. The Water System should confirm field conditions (line location and size) prior to providing costs for proposed new tap and new service related fees. Unless otherwise noted, the system is designed to maintain a minimum pressure of 35 psi at all points within the distribution network at flow rates of 1.5 gallons per minute per connection equivalent. This Study is valid to the water system from Tabor & Associates, Inc. until new meter(s) are added in this vicinity, but not more than 60 days from the date of this report.

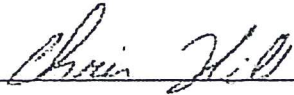

The Water System should receive the following items from Applicant before proceeding with Design & Bidding of Improvements:

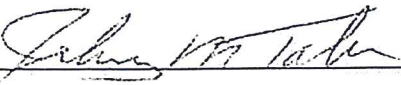

1. Partial Pre-Payment of estimated amount of Engineering Fees to prepare construction documents. Total Engineering Fee paid by Applicant for plans, contract documents, bids, and construction administration will be 13% of construction cost as authorized by the water system. \$2,300.00

2. Crossing permits for TxDOT or Railroad
3. Copy of Approved Plat or Deed Map
4. Written regulatory verification of viable sewage facilities.

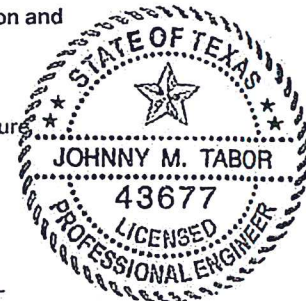

The Water System should receive the following items from the Applicant before beginning construction and meter installation:

1. Payment for all water system improvements and meter/service charges.
2. Easements for water lines signed and filed at County Deed Records.
3. Written and signed agreement covering special service requirements such as reserved meters, future capacity, time limits, etc.
4. Meet the system operator to stake meter location.
